Below is an Extract from the rules of the Association

Definition of Professional Status:

1. A Professional Archer must register with the IFAA as a Professional Archer to be able to compete as a professional in IFAA sanctioned tournaments. Such registration shall be handled through the IFAA Secretary, who may delegate such function to others.
2. An archer shall be deemed to have registered as a Professional Archer when he first contravenes the definition of Amateur status.
3. An archer who is a member of a Corporate archery team shall be deemed to have registered as a Professional Archer.
4. A Professional Archer may compete in the Amateur division if no Professional division is advertised for an IFAA sanctioned event.
5. The IFAA Secretary shall maintain a register of Professional Archers. A listing of the register will be accessible on the IFAA website for reference purposes only. The authoritative register will be that held by the IFAA Secretary.
6. Once registered as or deemed to be a Professional Archer, an archer shall be deemed to remain as such until reinstated asÂ an Amateur Archer by the IFAA Executive Council.
